

# Start Here

to start organizing important documents you might need for your auto insurance medical claim. Where applicable:

- A copy of your most current auto policy.
- A copy of your health insurance policy.
- A copy of the police report from your accident (if applicable).
- For wage-loss benefits, copies of your last three pay stubs from your current job. If self-employed, a copy of your most recent taxes filed.
- Your claim number if your claim is open. You will need this frequently.

Michigan is the only state where your auto insurance covers your medical and rehabilitation care with a comprehensive medical benefit. This is a great benefit but it can be confusing. The rules for the medical benefit changed in 2019, making it more complex to navigate. If you or a loved one are recovering from an accident, make Ambrose Care Management your first call. We will get you on the right track.

## Start Here

to learn how care management can help you. Ambrose Care Management has been providing case management since 2005. As a dedicated and caring group of nurses and social workers, we are your experts in getting you back into life.

Many people want to return to work or school, drive, and manage their homes, families and personal affairs. We start by helping you understand your benefits, what is included and then linking you with the services and resources that you need to meet your goals.

# 10

ways your  
**Ambrose Care Manager**  
can help you.

1.

Assist with understanding everything covered under your benefits structure including how your health insurance is coordinated with your auto medical benefit. If you have a capped auto benefit, we will help monitor the cap and assist you in maximizing your benefits and obtain the services you need.

2.

Assist with making your home accessible and safe while you recover. If you are in a hospital and can't go home right away, assist with locating a transitional care option.

3.

Assist with linking you with rehabilitation options convenient to you and covered by your benefits.

4.

Assist you with locating specialty physicians and services convenient to you. We have resources through all of Michigan.

5.

Assist with arranging in-home services such as attendant care, nursing, and mobile medical and rehabilitation care as needed.

6.

Assist with arranging transportation to your medical and rehabilitation appointments.

7.

Attend important medical appointments with you to help coordinate your care and to arrange services, supplies and medications as recommended by your doctors.

8.

Provide educational information about your injury so you can better understand your injury and learn ways to help yourself get better.

9.

Help you file for medical and financial benefits such as Lost-Wage benefits through your auto insurance and Social Security Disability.

10.

Assure you know all of your care options.
